THE COMMISSIONER OF PATENTS AND TRADEMARKS
WASHINGTON, D.C. 20231

Sir:

In the Official office Action dated March 20, 2002, please amend the above-identified application as follows:

IN THE CLAIMS

Amend Claim 1, 5 and 10 as follows:

1. A ventilation apparatus for mounting in a garage door including:
- a rectangular shaped base support member [having an opening formed therein;], the base support member including a first pair of spaced aligned horizontally extending members, a first pair of spaced aligned vertically extending members, one of the vertically extending members being coupled between each end portion of the pair of horizontally extending members so that an opening is formed in the base support member between the first pair of horizontally extending members and the first pair of spaced aligned vertically extending members, a second pair of spaced aligned horizontally extending members, each one of the second pair of horizontally extending members being perpendicularly coupled to one of the first pair of horizontally extending members, a second pair of spaced vertically extending members, each one of the second pair of
